OBJECTIVE

To seek a position in an esteemed organization as a software engineer, where my ideas and skills can contribute to the company's growth and enhance my knowledge.

EDUCATION

Bachelor of Technology in Computer Science Engineering	2025
Guru Nanak Institutions Technical Campus	CGPA: 6.9
Higher Secondary Education	2021
Sri Kakatiya Junior College Nizamabad	CGPA: 5.2
Secondary Education	2019
Wisdom High School	CGPA: 9.3

TECHNICAL SKILLS

- Java
- SQL
- HTML
- CSS
- JavaScript

SOFT SKILLS

- Communication
- Teamwork
- Time Management
- Adaptability

PROJECTS

Secure data transfer and deletion from Counting Bloom Filters in Cloud Computing

- Cloud Computing connects distributed storage and computing resources, reducing local storage overhead for data owners.
- Risks include partial data transfer, data loss, and potential malicious retention by original cloud servers.
- Utilizing a counting Bloom filter-based scheme to enhance security during data migration and ensure permanent deletion.

Project Management Tool

- Built a web-based platform or application that allows users to manage the projects with deadline, project name and number of tasks to be performed.

CERTIFICATIONS

Publication Certificate from JETNR

- Completed the project of Cloud Computing and successfully published the paper. Where I increased visibility and credibility for the research, wider dissemination of findings.

Walmart USA Advanced Software Engineering Virtual Experience Program on Forage

- Completed the Advanced Software Engineering Simulation Where I solved difficult technical projects for a variety of teams at Walmart.
- Designed a UML class diagram for a data processor, considering different operating modes and database connections.

Google AI-ML Virtual Internship

- Completed the Google AI-ML Internship where I developed strong skills in TensorFlow and I acquired many new technical skills throughout my work term.
