OBJECTIVE

To leverage my 5+ years of experience in software engineering and my expertise in developing, testing, and maintaining software applications to efficiently contribute to the growth and success of an innovative company.

EDUCATION

Bachelor of Technology in Computer Science Engineering	2025
Marri Laxman Reddy Institute of Technology and Management	CGPA: 8.0

Diploma in Civil Engineering	2022
Government Polytechnic for Women Nizamabad	CGPA: 9.62

Secondary Education	2019
Wisdom High School	CGPA: 9.5

TECHNICAL SKILLS

- Java
- SQL
- HTML
- CSS
- JavaScript

SOFT SKILLS

- Communication
 - Teamwork
 - Time Management
 - Adaptability
-

PROJECTS

Development of handheld device/Mobile based Operation & Maintenance tool for asset & consumables inventories and finance management in context of drinking water supply scheme.

- Developed a handheld device/Mobile based application designed to support the operation and maintenance (O&M) of drinking water supply schemes.
- This tool will assist the GP/PHED person to manage assets and consumable inventories, as well as finance-related tasks, enhancing the efficiency and effectiveness of water supply operations.

Driver drowsiness detection

- Built a drowsiness detection system using machine learning model by facial actions such as yawning and eye blinking.

Hiding a message in an image

- Written a java code for both encrypting and decrypting of the message, which will not be attacked by the attacker.

Project Management Tool

- Built a web-based platform or application that allows users to manage the projects with deadline, project name and number of tasks to be performed.
-

CERTIFICATIONS

Web Development Certification

- Completed the Web Development certification from Aspire Nex where I got hands on experience in software development from planning to deployment.
- Competence in building dynamic user interfaces using HTML, CSS and JavaScript.

Cyber Security Certification

- Successfully completed the Cyber Security Certification from AICTE and Edunet foundation where I got hands-on experience in the stream of cyber security.

Google Android Developer Virtual Internship

- Completed the Google Android Virtual Internship where I developed strong skills in Kotlin and Android studio for Android app development.
